Horticulture?-12	Agriculture?=4	Natural Resources?-4	Family/Parenting?-0	
Health/Nutrition?-6	Clothing/Textiles?-1	Youth?=1	Community Development?-2	

COMMENTS: More pictures in some of the classes w/o any irrigation, lighting, trees.,More on sample plant pallets for various themes-formal-tropical-S.W. -maybe good examples to inspire on various themes, Wonderful class ,It would be nice to see more people signing up for class's such as this, I am very interested in any programs in horticulture, This has been a great learning experience, fun also: It would be great to have a reunion in a year or so with before and after photos -or even a mid {6 mos.} class to give each other ideas, Great opportunity for us.,Should be mandatory for all corpus residents, I plan to get involved with botanical gardens after I retire in about 1 or 2 yrs.,I really enjoyed this course!,We were given a lot of good information.,I don't look at my home and have that lost feeling, Michael enjoys his work and enjoys sharing his knowledge with others-It shows!.
